RE: Meeting June 23

Just a reminder that we have a meeting this Monday, June 23, at 7 pm at the Fire Department. We're changing things up a bit this week – we will have a short presentation from an engineer at HKM Engineering (the firm where Jim Potts works) on the basics involved in subdivision design, and then we're going to take a field trip and drive around to look at the boundary as we've discussed it thus far.
