

RE: Next Week's Meeting

Date: 2/19/2010

Just a reminder we've got a meeting this coming Monday (the 22<sup>nd</sup>) at the Bank at 7 pm. I'm putting an agenda in the mail for everyone, but here's things to think about in preparation for the meeting:

1. The Planning Board is holding their hearing Tuesday night (the 23<sup>rd</sup>) to consider the first stage of zoning for Amsterdam/Churchill. As we've discussed, its only gravel pits. If anyone is interested in attending the meeting, its at 6 pm at the county courthouse. Keep in mind the planning board is advisory only; the county commission hearing is on March 23 at am at the courthouse.
2. Last meeting, we decided on a boundary for the second sub-district in Rural AC that corresponds with Policy 4.4.3 of the Community Plan. We need to finish the discussion on potential density within that area.
3. We spent some time last meeting talking about standards for Water Conveyance Facilities in Rural AC, and specifically what the distance should be when we want new homeowners to contact canal companies prior to construction. I will bring updated language for this section.
4. We need to discuss other general changes we've made over the past couple of months to the Rural AC section and just make sure everyone understands what we've decided.
5. We need to finish going over the rural chapter. We're almost done; to get a full overview of the standards we've used, refer back to the two memos dated January 11.

Take a look at the attached agenda and minutes and email or give a call if you've got any questions. Thanks, and we'll see you Monday
